BRIEF ABSTRACT OF LETTER

Requests orders making certain printing works of the Local Examinations Board of the Dept of Education Department payable.

NOTES AND ORDERS.

J

5014/1872

Subd. The Supdt states that under para 9 of the Govt Resn No 27.6.1930 on the report of the Govt Press Committee, the printing of list of schools & candidates & forms & registers of the Local examinations Board have to be transferred to private Presses for execution on payment. (When adverse with the matter) The Director seems to have stated that in order to do this the grant was transferred to the Govt Press accordingly.

budget as per Jo. of 16.7.21. may be retransferred to the Education dept. As this could not be done, the Supdt asked the Director to send printing work to the extent of about Rs 2000 to the Govt Press. It was agreed between the two offices that all forms & registers included in the annual indents for local examinations bearing indent serial nos be done free of cost & that the printing of all other works including forms & registers not claimed in the annual indents & all stationery articles including blank books be charged to the Edn dept.

2/ The Supdt now states that forms like lists of examinees & nominal lists of candidates which are really printing works & not indent forms are being sent for Govt execution. He therefore requests that these as well as examination papers may be made payable with effect from 1.7.35, necessary provision being included in the next year's budget.

3/ The Director of Public Instruction may be consulted unofficially in the matter, if approved.

11. The Director's suggestion is that a provision of Rs. 4500 may be made in the Prov. Budget to cover the outline cost of printing Examination papers etc for the Education Dept. It would seem better to make provision for this in the Education Budget as the cost of printing may vary from year to year— If this is done the Prov. may send one consolidated bill to the Education Dept for payment against the provision in their Budget— The suggestion of the Dr for the work in this behalf during 1936 be done on the existing basis for the new arrangement to come into force from 36-37 may be approved:

Retransmitted with compliments :-

14) The marginally-noted three items of work, items Nos. 1 to 3 of the classified List --- contained in the Director's letter of 17-9-1935 are being printed at the Government Press free of cost and have to be supplied free, as these items relate to printing work done and stationery supplies made for the Local Examinations office as part of the -- Director's office. The rest of the printing work done by the Press, viz., items 4 to 8 of the list given in the Director's letter, relates to work done for the several Examinations and it is in respect of these that the question of payment has arisen. The total cost of printing these items as per Estimate based on the work done for the Examinations of 1935 amounts to Rs.5,133-13-11, out of which only item No.4 costing Rs.926-5-5 representing the article of stationery such as Answer Books, Covers, etc. supplied for the Examinations, has been paid for by the Department or bills in accordance with the -- practice so far in vogue. The net cost of the printing work done for the Local Examinations will thus amount to Rs.4,207-8-6 as stated in the ---- Director's letter. Taking into account the sum of Rs.2,500/- originally provided in the year 1921 in the Press Budget for the printing of the work of the

[App. F. III-2

Local Examinations, the extra provision required for --- printing all the works is Rs.1,707-8-6 or Rs.2,000/- allowing for variations. An extra provision of --- Rs.2,000/- may be therefore made in the Education Budget for the reasons set forth in para 11 of the Secretariat Notes and the Director requested to --- adjust bills sent by the Government Press and --- Stationery Depot for work done under the items 4 to If the extra provision is made in the Press Budget as suggested in the Director's letter, it will become merged in the budget of this department and be subject to reductions affecting the general budget as has happened in the case of the provision of Rs.2,500/- transferred in 1931 and will not be available in fact for meeting the extra cost that is devolved on the Press in connection with the work of the Local Examinations Boards. The Press will then be in the same difficulty as it now stands in and will have to --- approach the Department for the transfer of further funds.

15) The new arrangement may be ordered to take --- effect from the next official year 1936-37 as proposed by the Director.

20) The proposal is to sanction an additional grant of Rs 2,000 in the Education Budget for meeting the cost of printing examination papers etc., which is now done by the Government Press free of cost. Both are Service departments and the need for insisting on payment in the case of a portion of the work done for the Education department is not clear or correct. It is also not known how the above proposal will enable the Press to spend more money. It will only add to the Receipts of the Press and the gross grant of the Press will remain unaffected. There should be no expenditure to Government on the whole. I therefore think that the existing procedure may continue and the Director may be asked to minimise printing charges as far as possible. If the Superintendent Govt Printing requires Rs for funds he has to follow the usual procedure

Pts 38-34-1

FROM

B. SRINIVASA IYENGAR, ESQ., B. A.,
~~K. PUTTAPPA, ESQ., B.A.,~~
Ag. SUPERINTENDENT OF STATIONERY,
BANGALORE.

To

M. Venkatanaranappa, Esq., B. A.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Development Department,
Bangalore.

Sir,

With reference to para 9 of Government Order No. G.14823-80-P & S. 66-29-2 dated 27th June 1930 passing orders on the recommendation of the Press Committee and directing that "such of the works as are scheduled by the Committee and for which the Departments concerned have provision to pay from their respective budgets may be gradually entrusted to private presses on the open tender system or on periodical contracts on a competitive basis", I have the honor to state that in accordance with the above order the Director of Public Instruction in Mysore, Bangalore was informed in Press Office letter No. P. 150 dated 10th July 1930 that lists of Schools, lists of candidates for public Examinations and Forms and Registers of the Local Examinations Board (Item No. 7) had been scheduled by the Press Committee as works to be ordinarily entrusted to private presses and requested to make the necessary arrangements to have the works done in a private press and pay for them from the provision made in his own budget. He was also requested to take steps to make the necessary provision in case it was not available and intimate the fact to this office so that tenders might be invited and the works entrusted to a suitable

P.T.O.

private press as directed in the Government Order.

The Director of Public Instruction replied in his letter No. E. 2 - 205 - 8/ 30-31 dated 25th July 1930 that a sum of Rs. 2,500 was being provided in the Education Budget for the supply of forms and registers to the Local Examinations Section till 1921 when this sum was transferred to the Press Budget in accordance with G. O. No. M. 323-7/ P & S. 6-20-70 dated 16th July 1921 and requested that the above amount of Rs. 2,500 might be retransferred from the Press Budget to the Budget of the Department of Public Instruction under 13, Misc. iii Examinations.

In Press Office letter No. P.680 dated the 1st September 1931 the Director was informed that the work coming to the Press from the Local Examinations Branch of his office had increased greatly, the value of the work done during 1930-31 amounting to Rs. 4,176 or Rs. 1,600 more than the provision of Rs. 2,500 which was being set apart for this work. It was explained that the budget had suffered considerable retrenchment both in the Stationery and the Press; that the sum of Rs. 2,500 transferred to the Press Budget ten years ago had become merged in the annual budget grants and was not available intact as the grants had undergone drastic reductions in a lump sum year after year and that the extra charges on account of the Local Examinations could not be met from the reduced grants of the Press and Stationery Budgets. The Director was therefore requested to help the Press by curtailing the printing work of the Local Examinations and confining it to the value of about Rs. 2,000 only and if the work could not be so curtailed by permitting the Press to send bills for payment for all amounts exceeding Rs. 2,000 with a view to meeting the cost of wages, paper and other charges.

This proposal did not commend itself to the Director who in his letter No.E-2-1076-25/31-32 dated 6th September 1931 stated that if the cost of stationery articles supplied for Local Examinations (by which expression he meant answer books,

P.T.O.

(13

Manilla covers, &c., which involved compasing printing and binding also in addition to paper used for the works) and the cost of S.S.L.C. Teachers' Registers and S.S.L.C. Certificates which would be placed at the Government Central Book Depot for sale and the cost of which would be met from the separate provision under XXVI Education, 13 Miscellaneous (i) Book Depot -- Books and Maps were omitted, the cost of the forms and registers required for the Local Examinations would amount only to Rs. 2,400 and therefore requested that the Press might print these forms and registers free of cost. As my original proposal of sending bills for all works done in excess of Rs. 2,000 was not accepted by the Director, an alternative suggestion was made in Stationery Office letter No. F. 519 dated 17th September 1931 that all forms and registers included in the annual indents of the Local Examinations Boards for the Lower Secondary, S.S.L.C., and Commercial Examinations and bearing Indent serial numbers would be done free of cost but that all other printing works including all forms and registers not claimed in the annual indents and all stationery articles including the blank papers to be ordered for the Local Examinations and the cost of printing or binding and the cost of paper used, if any, would be charged to the Department. This arrangement was accepted after some correspondence by the Secretary, Local Examinations Boards in his letter No. 48 dated 14th November 1931, who however stated that as the first notice that the Department had of the need for making provision for meeting the bills of cost on account of printing charges was in the letter No.F 51 dated the 17th September 1931 from the Superintendent, Government - Stationery referred to above by which time the Departmental Budget had already been fixed, the question of charging the Local Examinations for the cost of printing the stationery articles (by which he meant answer books, &c., which involved (comprising printing and binding also in addition to paper used for the works) might be considered with effect from the next official year, viz., 1932-33, when necessary provision would be applied for. Extracts from the Stationery Office letter No.F. 519 dated 17th September 1931 addressed to the Director of Public - - Instruction and of letter No. 48 dated 14th November 1931 received

P.T.O.

14

from the Secretary, Local Examinations Boards are submitted herewith for kind perusal.

The principles agreed to as above have been carried out ever since in charging for the works received from the Local Examinations Boards but latterly the Department has been including in their indents not only blank forms and registers where only the columnar headings have to be set up but also other forms like Lists of Examiners, Nominal Lists of Candidates running to several pages in which a large amount of composing has to be carried out involving heavy cost, which are really printing works and not indent forms. The Department contends that such lists should not be charged for as they are indent works which are not chargeable according to the principles set out above. In view of the heavy composing work involved and the cost and labour entailed by such works, they should be placed in the category of printing works and not indent forms and the arrangement of printing indent forms free of cost should not be extended so as to include such works as Lists of Examiners, Nominal Lists of Candidates, &c. I therefore request that sanction may be kindly accorded to such works being treated as printing works and not indent forms and charged for in accordance with the principles arrived at between the Department and the Press and the Secretary, Local Examinations Boards, requested to make necessary provision for meeting such charges in his budget in future commencing from the Official year 1935-36.

The Department is also getting a very large amount of work done free of cost in connection with the printing of the Question papers of the several Local Examinations, presumably on the ground that the work is done under the supervision of the Department and not of the Government Press. In this connection, I beg to state that the University is paying for all the question papers printed for the several public examinations as well as the Terminal Examinations of its constituent Colleges and other

P.T.O.

Institutions and on the same principle, the question papers printed for the Local Examinations will also have to be charged for. The question of Departmental supervision should not make any difference, as a large amount of work involving heavy cost is done by the Press for the Department. I therefore request that the Secretary, Local Examinations Boards may be kindly requested to pay in future for all the question papers printed for the several Local Examinations and to make the necessary provision in his budget in future commencing from the Official year 1935-36.

I have the honor to be,

Sir,

Your most obedient servant,

Ag. Superintendent.

S. L. N.

Extract from the Stationery office letter No. F. 519 dated 17th September 1931 addressed to the Director of Public Instruction in Mysore, Bangalore.

oooOooo

With reference to your letter No.E.2-1076-25/31-32 dated 4th September 1931 regarding the printing of the Forms and Registers required for the Local Examinations, I have the honor to state that separate indents in the printed forms may be kindly sent to this office in future entering on each indent the forms and registers required for each of the Examinations respectively, viz., L.S., S.S.L and Commercial Examinations. The cost of paper and the cost of printing the forms and registers on these three indents will be met from the Press. Another separate indent in the prescribed form for the stationery articles required including blank paper to be ordered may be forwarded to this office in future. All the articles included in this indent together with the cost of printing or binding and the cost of paper used, if any, will be charged to your Department.

× × × × × ×

Sd/- B. Puttaiya,
Superintendent.

Extract of letter No. 48 dated 14th November 1931 received from the Secretary, Mysore Local Examinations Boards, Bangalore, to the Superintendent, Government Printing, Bangalore.

X X X

X X X

I may also add in this connection that the first notice that the Department had of the need for making provision for meeting the bills of cost on account of printing charges was in letter No.F.519 dated the 17th September 1931 from the Superintendent, Government Stationery, by which time the Departmental budget had already been fixed.

The question of charging the Local Examinations for the

P.T.O.

17/

cost of printing the stationery articles may therefore be considered with effect irom the next official year when necessary provision will be applied for.

SIR,

Subject:- Charging for the printing of Examination papers of the Education Department.

***

With reference to your letter No.G. 11372/P. & S. 38-34 dated the 26th June 1935, requesting me to expedite submission of my reply on the above subject, I have the honour to state that owing to the complicated issues raised by the Superintendent, Government Press, the matter had to be personally discussed with him. We met on the 4th instant and the Superintendent has kindly promised to send me estimates of cost for printing the question papers etc., for the Local Examinations conducted by the Department. On receipt of the estimate, it is proposed to discuss the question once again to come to a definite arrangement. A final report will be submitted to Government after this is done.

I have the honour to be,
Sir,
Your most obedient servant,

N. S. Subba Rao

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION IN MYSORE,

Encl. P & S. 38-34-2

Bangalore, dated 16th September 1935.
17 SEP. 1935

From

N. S. SUBBA RAO, Esq., M.A. Bar.-at-Law,
Director of Public Instruction in Mysore,
Bangalore.

To

M. VENKATANARANAPPA, ESQ., B.A.,
Secretary to the Government of His Highness the Maharaja
of Mysore, Development Department, BANGALORE.

Sir,

Subject.- Charging for the printing of Examination papers of the Education Department.

***

In continuation of this office letter No.E2. 13-2/35-36 dated the 9th July 1935, on the above subject, I have the honour to state that the Superintendent, Government Printing has been raising this issue for the past 3 or 4 years. The Secretary, Local Examinations Boards had more than one discussion with the Superintendent in this behalf and certain tentative arrangements were agreed upon for the time being. It appears to be necessary to go over the whole ground in a comprehensive manner and come to a final decision now. It would, therefore, be ~~REMK~~ not out of place to briefly describe and classify the work that is being done by the Press in connection with the Local Examinations. The items are as - - enumerated below:-

1. Supplying spare copies of Notifications (issued by the Government and the Department) published in the Mysore Gazette.
2. Supplying forms and registers on indent to the Local Examinations Section as being part of my Office, for Office work.
3. Supplying articles of stationery to the Local Examinations Section as being part of my Office and as being one of the Offices - entitled to a free supply of articles of stationery for carrying on the daily work in the Office.

P.T.O.

4. Purchasing and stocking articles of stationery and making them up into booklets etc., with printed facing sheets and supplying the same to the several Examination Centres on indents.
5. Printing and supplying forms of application for admission to the several Examinations, forms of admission tickets to be issued to the candidates, forms of pass certificates and several other forms of the same nature.
6. Printing and making up of candidates' and marks registers and similar other registers for the several examinations.
7. Printing of lists of candidates, lists of examiners, statements showing the distribution of answer papers among several examiners and similar statements.
8. Printing of question papers.

Of these items, Nos. 1, 2 and 3 have to be supplied free and the question of payment does not arise. Item No.4 is done by the Press and Stationery Offices on behalf of this office and payment has all along been made for articles coming under this head and will be continued to be made. There is provision for meeting charges under this head in the Departmental Budget. There is no provision in the Departmental Budget for making payments for items Nos. 5,6,7 and 8. At one stage of the discussion the Superintendent had consented to do the work coming under items 5 and 6 free and demanded payment for items coming under 7 and 8. I met the Superintendent, Government Printing, recently and it was felt that it would be simpler to work out the cost of all the printing work done by the Press in connection with the Examinations and come to a decision as regards the question of payment. The Superintendent in his letter to Government has referred to the increase in work done since 1921 when the provision of Rs.2,500/- made in the Education Budget for this purpose was transferred to the Press Budget. The work has increased enormously, consequent partly on the increase in the number of examinations and partly on the increase in the number of candidates for each examination. The cost of the total work done by the Press under items 5,6,7 and 8 would amount to Rs.4,207-8-6 according to an estimate prepared by the Superintendent for work done in connection with the 1935 Examinations

(21

as per details given below:-

Items - 5, 6 and 7.	Rs. 1,824	12	7
Item - 8.	Rs. 2,382	11	11
Total.	Rs. 4,207	8	6

The Superintendent has agreed to receive payment for expenditure incurred beyond Rs.2,500/- Hence the nett amount that the Education Department would have to pay would be Rs.1,707-8-6 on the basis of the calculations made by the Superintendent. But this amount cannot be accepted as the standard for all years since the figure would vary from year to year, on the basis of the number of candidates taking the examinations in different years which is a fluctuating factor. I am of opinion that a margin of about Rs.300/- would meet these fluctuations in the immediate future.

I may in this connection mention that the printing of question papers etc., relating to the Mysore Local Service and Pleaders' Examinations is not charged for. The entire supervision of printing the question papers for the Departmental Examinations is exclusively attended to by the Secretary, Local Examinations Boards, in addition to his other duties in Bangalore and by Officers specially deputed for the purpose in the Branch Press at Mysore, while the Press supplies the materials and labour. All this work was being done free for several years past, and the question of payment has been raised now owing to the cuts in the Press Budget. Hence there is a need for making a provision of Rs.2,000/- extra. The question resolves itself to this:- Whether this extra sum of Rs.2,000/- is to be provided in the Press Budget or in the Educational Departmental Budget. If it is provided for in the Departmental Budget and payments are to be made on bills sent in by the Press, both the Offices will have to maintain elaborate accounts and there will be a considerable amount of correspondence in this behalf. All the complications could perhaps be saved by providing in the Press Budget a sum of Rs.4,500/- (the old provision of Rs.2,500/- plus an extra provision of Rs.2,000/- the necessity for which has been shown above) under a new head, for work connected

with

with Departmental Examinations and directing that all Examination work should be done free in the Press. If the decision is that payment should be made by the Education Department on bills sent by the Press, the extra provision of Rs.2,000/- will have to be made under the head 26. Education, xiii. Miscellaneous (3) Examination Contingencies.

Since the Budget for 1935-36 has already been sanctioned and there is no provision in the Departmental Budget for meeting this extra cost, the work relating to the Examinations of 1936 may be done on the existing basis, the new arrangements, as may be ordered by - Government, taking effect from the Examinations of 1937 onwards, the extra provision of Rs.2,000/- being made in the Budget for 1936-37 and onwards.

I have the honour to be,
Sir,
Your most obedient servant,

K. Venkataramana Rao
First Assistant
for Director.

Sir,

With reference to the correspondence ending with your letter no 82-15-2/35-36 d 15.9.35 and the G.O. note no S1290 d 8.10.35 from the Secretd, Govt Stationery Dept, on the question of charging for the printing of Examination papers etc of the Education Dept, I am directed to observe that the proposal to sanction an additional Rs 2000/- to the Edn Dept, grant towards the above charges does not commend itself to Govt. The work referred to has been

(2)

hitherto done at the Govt Press free of cost. As both departments are Service departments, there is no need for one department to insist on payment for work done to the other. Even if the proposal to make an additional grant is accepted, it will only add to the receipts of the Press and will not enable the Press to ~~spend more~~ increase their purchases. as the ~~Govt~~ grants remain unaffected It is therefore ~~recommended~~ best that the existing procedure ~~should~~ may be continued, the charges on account of printing however, being kept at the present ~~reduced~~ as far as possible ~~to the minimum~~. ~~Extra~~ funds, if ~~any~~, ~~are~~ required by the Govt Printing, ~~he~~ they may be ~~asked for from time to time~~ in the usual course.

Printing may if necessary ask for any additional grants

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

No. G 4361

Dated, Bangalore, 27th November 1935

From

The *Secretary to the Government of His Highness the Maharaja of Mysore,*
Development Department.

To

The Director of Public Instruction in Mysore,
Bangalore.

Sir,

With reference to the correspondence ending with your letter No. E.2.15-2/35-36, dated 15th September 1935 and the Unofficial Note No. S. 1290 dated 8th October 1935 from the Superintendent, Government Stationery Depot, on the question of charging for the printing of Examination papers etc., of the Education Department, I am directed to observe that the proposal to sanction an additional grant of Rs. 2,000/- to the Education Department towards the above charges does not commend itself to Government. The work referred to has been hitherto done at the Government Press free of cost practically as the provision was transferred to the Press Budget. As both departments are service departments, there is no need for one department to insist on payment for work done to the other. Even if the proposal to make an additional grant is accepted, it will only add to the receipts of the Press and will not enable the Press to increase their purchases as the grants remain unaffected. It is therefore best that the existing procedure should continue, the charges on account of printing, however, being kept at the minimum as far as possible. The Superintendent, Government Printing may if necessary ask for any additional -- ~~ex~~ grants.

Copy enclosed for reference.

I have the honor to be,
Sir,
Your most obedient servant,

Sd/- M. Venkatanaranappa,
Secretary to Government,
Development Department.

Memo No.
Copy of the above is forwarded with compliments to the
